

LAND USE AND ZONING CONFIRMATION REQUEST

The City of South St. Paul provides Land Use and Zoning Confirmation forms upon request. A \$100.00 fee is required upon submission of a request. In the event that additional fees are necessary due to levels/amount of research, city staff will contact the person/company requesting the confirmation form.

The information provided on the confirmation form is based on the available public record. The city does not conduct as-built survey reviews or site inspections confirm conformance with current zoning or building requirements. City staff will make every effort to complete and return a Land Use and Zoning Confirmation form within 10 business days of a request.
